

## **Conversation Club**

**Grades 9 - 11**

This year we are meeting online for an easy-going conversation practice of spoken English.

If you feel like you need more opportunities to apply your theoretical knowledge, there are some topics that you are itching to discuss with your peers, you want to spend a relaxing hour talking, playing games, watching videos, laughing and drinking tea, this class may very well be for you. Come join us in our conversation club in room 509 and bring a friend or two!
